

FREE Installation and Activation

Have you or a loved one had a fall?

Studies show that there is a 50% higher chance of falling again. But for the cost of a cup of coffee a day, Lifeline with AutoAlert can help seniors maintain their independence and provide caregivers even more peace of mind with America's most trusted medical alert service.

McLaren Visiting Nurse & Hospice can help your family get the appropriate level of service unique to your situation. If you have any questions about Lifeline with AutoAlert, or are ready to begin service, please contact Erin Hutchinson at **866-402-2345**.

For free installation and activation, mention code MI706.
